We don't fight fires and save lives, but we're proud to serve those who do.

mpower® 6x4

mpower® products are innovative, durable and easy to mount nearly anywhere. Best of all, these lights withstand all elements.

nFUSE® Lightbar

With over 50 flash patterns, five outer lens colors and multiple lengths and sizes, this lightbar can do it all.

nROADS® Beacons

Multiple configurations and 360 degrees of intense lighting coverage, this beacon has what it takes to keep first responders safe and to get the job done.

mpower® Fascia

Extremely compact, allowing for endless mounting options, this durable silicone lens provides resistance to cracking, water build up and yellowing over time.

mpower® 7x3

Providing powerful lighting output with a patented, optic-grade silicone lens to stand up to the demands of first responder vehicles.

mpower® 6x4

This innovative, silicone lens is extremely functional and customizable for use as stop/tail, turn, warning, backup and backup with warning.

We deliver solutions that create safer working environments.
